

T 2

Flakiness Index Gauge

to dimension specified in BS 812

T 3

Elongation Index Gauge

to dimension specified in BS 812

T 4

Sand Absorption Cone

with tamping rod to dimension specified in B.S 812

T 5

Aggregate Crushing Value

with 75mm diameter steel cylinder, plunger, base plate, metal measure 57mm diameter x 90mm deep and tamping rod to B.S 812

T 6

Aggregate Crushing Value

with 150mm diameter cylinder, plunger, base plate, tamping rod and 115mm diameter x 180mm deep metal measurer to B.S 812

T 7

Aggregate Impact Value (AIV) Apparatus

for aggregate smaller than 10mm, with 75mm diameter Cylinder, plunger, base plate, tamping rod, counter for number of blows and built-in safety device.
